

Notice: Re-affiliation required for De-accredited TPs and TCs

Date: 30/11/2022

Dear Training Providers,

As you all have been empaneled Training Partners with Agriculture Skill Council of India for agriculture related job roles, so we feel happy to provide support to you whenever it is required. But, it has been noticed that whenever some invitation for Expression of Interest or Request for proposal comes from any Central Government Department/State Scheme for providing trainings in agriculture & allied Sectors, the De-accredited Training Providers also start approaching us for affiliation certificate/declaration letter for mentioning them as empaneled Training Provider with Agriculture Skill Council of India.

We would like to make it clear that ASCI cannot provide any declaration letter/ affiliation certificate to those Training providers whose validity has already been lapsed and have not re-affiliated their Training Providers/Training Centres. To get any affiliation related letter, at least one Training Centre of the Training Provider must be active on Skill India portal.

Hence, it is advised that all Training Partners who have been associated with us in any which way to kindly re-affiliate yourself for at least one Training Centre as soon as possible so as to get targets for trainings under various schemes.
